THE JEWS
IN THE
GREEK AGE

Elias J. Bickerman

One of our century's greatest authorities on the ancient world gives us a vivid account of the Jewish people from the conquest of Palestine by Alexander the Great in 332 B.C.E. to the revolt of the Maccabees. It is a rich story of Jewish social, economic, and intellectual life and of the relations between the Jewish community and the Hellenistic rulers and colonizers of Palestine—a historical narrative told with consummate skill.
